

Billing for EPSDT Inpatient Services

Billing for EPSDT Inpatient Services requires a revenue code. This is an all-inclusive revenue code that is reimbursed on a “per diem” basis. The UB-04 Billing Code used for EPSDT inpatient services is 0770 Preventive Treatments.

Included in Per Diem

The following services are included as part of the per diem reimbursement:

- Interdisciplinary treatment programming
- Nursing
- Behavioral support staff using the established staff to patient ratio
- Equipment necessary to implement the treatment program
- Clinical Supervision related to the treatment plan
- Case Management/Discharge Planning
- Treatment Team Activity
- Pharmacy

Not Included in Per Diem

The following services are not included as part of the per diem reimbursement. All services included in this list may be reimbursed separately through the Virginia Medical Assistance Program when provided by a DMAS enrolled provider. If the facility meets DMAS enrollment criteria to provide some or all of the excluded services, then they may enroll with DMAS as a provider of that service type. Service limits may apply and authorization for certain services is required.

- Any general medical needs not addressed in the inclusive per diem services listed.
- Durable medical equipment or non-routine medical supplies.
- Professional services and diagnostic testing outside of the treatment facility.
